Christian School

Hello GRACE Families

GRACE Athletic Boosters would like to welcome you to the 2010-2011 school year. Our varsity teams are members of the Carolina Christian Conference ("CCC") and NC Independent School Athletic Association ("NCISAA") and are looking for this to be a big year as they work toward conference wins and eligibility into state tournaments!

Whether new or returning, we hope your family will take time to support your GRACE Eagles at every athletic event possible. We look forward to the fun, food and fellowship that seem to go hand in hand at GRACE.

Below is the GRACE Boosters membership form. As you can see, \$10 gives your family Booster membership which offers the opportunity of being able to give your input into Booster ideas as well as attendance at meetings, and supporting our teams with your school spirit. For \$100, your family receives Booster membership (with the opportunities listed above) along with the Family Athletic membership. This membership allows each family member entry into all home athletic events **excluding tournaments and any other special athletic events.**

The membership form below must be filled out and returned to GRACE along with the fee (**check made out to GRACE Christian School**, memo "Athletic Membership") so that your family will be sure to have their names on the master list in time for the first home games of the fall season. (We do not issue a physical membership pass, but your name will be published on a master list - when you arrive to the games, just tell the admissions person you have a Family Athletic Membership).

Please hand in your payment and form to the admissions person at your first home game; OR send it to the front office to the attention of Willa Bea Coates, Athletic Boosters.

If you want to contact Athletic Boosters, please email Greg Pittman at gpittman@vzw.blackberry.net.

GRACE Athletic Boosters is looking forward to working together throughout the year to make GRACE athletics the best ever. Hope you decide to join in the fun!
