

**All online courses must be accredited courses AND approved by Mrs. Gill prior to enrollment.**

***Dual Enrollment and Online Class Policy:*** *Dual enrollment and online classes are allowed for the purpose of making up credits, accelerating to the next level of a subject, or for offerings beyond the scope of GRACE. Students may not take courses that are offered by GRACE, except when given explicit administrative permission. Students may use a study hall to work on such courses, but must remain in the study hall classroom. Only seniors may take dual enrollment courses off campus.*

**For summer online work students need to complete first semester by the end of June and second semester by the end of July in order to be ready for the next level in the fall.**

Some online providers are listed below. Other providers must be approved by Mrs. Gill.

- Apex Learning: <https://www.apexlearning.com/digital-curriculum/courses/catalog>
- Michigan Virtual Learning: <http://www.mivhs.org/>
- Seven Star: <http://sevenstar.org/>
- James Madison High School Online:  
<https://www.jmhs.com/academics/courses/algebra-2/>
- The Virtual High School:  
<https://my.vhslearning.org/PublicCourseDescription.aspx?c=28>
- NCSU Distance learning: <https://online-distance.ncsu.edu/courses/> (Student must be 16, can earn college credit as well!)
- Calvert: <http://www.calverteducation.com/curriculum/calvert-academy-online-private-school>
- BYU: <https://is.byu.edu/>
- Liberty Academy Online: <http://www.liberty.edu/onlineacademy/>

Once you complete a course, please coordinate with Willa Bea Coates to have the course included on the GRACE transcript.

**Special Note for Foreign Languages:** Colleges recommend 3 years of foreign language.

- If the student is serious about taking a language we do not offer it would be best to do one program all the way through.
- Students will be assigned a study hall where they will take the class.
- BYU only offers two years of foreign language and for athletes, the NCAA does not recognize the BYU foreign language programs.
