

GRACE TK-5 Family S.T.E.A.M. Night

Thursday, January 10, 2019
5:45 p.m. - 8 p.m.

What is S.T.E.A.M.?

S.T.E.A.M. is an educational approach to learning that uses Science, Technology, Engineering, the Arts and Mathematics collaboratively to teach real-world problem based learning with student inquiry and critical thinking. Students engage in experiential learning, persist in problem solving, and work together through this creative process. These are the innovators, educators, leaders and learners of the 21st century!

GRACE's S.T.E.A.M. event will focus on Math activities through all subject areas with different age-level activities and engaging sessions **led by our faculty!**

Come for fellowship and pizza (\$1 a slice) from 5:45 p.m.- 6:15 p.m. and then rotate through sessions as a family. Please RSVP on this QR Code link for the event and to pre-order pizza slices.
