HOST CZECH STUDENTS!

HOST FAMILIES NEEDED FOR ONE WEEK!

GRACE is hosting a group of Czech students who will be visiting Raleigh from October 2-9. We are in need of host homes for pairs of students to stay with to help with communication and language practice. They will enjoy getting to know our culture and being part of our Homecoming festivities, but they will also have their own schedule while they are here. They will come to school in the mornings and go home with you in the afternoons and have activities planned during each school day. This is a great opportunity to expose your students to a different culture. Contact Upper Campus principal Mandy Gill (MGill@GRACEChristian.net) if you are interested and/or have questions.

TK WORKING WHILE AT PLAY

For students in TK, play is a primary avenue for students to learn about the world around them, to gain necessary fine and gross motor skills, and to learn to follow instructions.

Last week that included pretending to be a vet in the Vet Clinic and playing follow-the-leader with a kindergarten class and Head of School Eric Bradley.
